

## **Would you be interested in being involved in a piece of research about the Bridge Collective?**

Gemma Budge, Trainee Clinical Psychologist, who some of you may know from her community placement with the Bridge is working with the Bridge to produce a piece of research as part of her training. **Contact Gemma at [gemma.budge@plymouth.ac.uk](mailto:gemma.budge@plymouth.ac.uk) or text or call on 07580619509 if you have any questions or if you would like to get involved in any of the activities listed below.**

There are also some information sheets with more information about the research below this poster.

Nicola (telephone: 07812439818) and Andrew (telephone: 07855633304) are Gemma's main point of contact for this project.

### **Would you be interested in attending a focus group about your experience of the Bridge Collective?**

Gemma is looking to meet with up to 8 people on each of the following dates to ask about your experiences of attending the Bridge Collective, and what you think of the Bridge Collective's way of working.

**Thursday 16<sup>th</sup> February 1.00-3.00pm  
at the Bridge Collective**

**Thursday 2<sup>nd</sup> March 10.00am- 12.00pm  
at the Bridge Collective**

### **Would you be interested meeting with Gemma one-to-one to talk about your experience of attending the Bridge Collective?**

Gemma can also meet with up to 3 people who would prefer to discuss their views about the Bridge Collective one-to-one, rather than in a group.

Gemma can try to arrange to meet you at a time that works for you and for her.

### **Would you be interested in being a co-researcher: giving your opinion on focus group findings and other information gathered as part of the research?**

Gemma is also interested in working with two people to analyse the research data and is able to reimburse these people for their time with vouchers, should they want this. There would also be opportunity for these people to be named alongside Gemma and the Bridge Collective in publications of the research.

Gemma would be interested in working collaboratively with these people, but would provide clear guidance and support on what their role would involve. It is anticipated that this role will involve three meetings of approximately 2 hours between March and May.
