

Are you looking for a facilitation role within a self-defining community of people with experiences that have sometimes been called mental illness?

RECRUITING NOW

The Bridge Collective CIC: Community Worker - Governance and Operations.

The Bridge Collective is a company whose members are creating a democratic community where people who have experiences, beliefs, and feelings that have sometimes been labelled as mental illness are welcomed and can talk about these experiences freely, safely and without judgment; a place to participate in friendship, support, learning, teaching, discussion, being active, and making a valid contribution both within the collective and the wider community.

We are a lively self-governing community of people using our own experiences to help each other, seeking to recruit a new member to our community worker team. Someone who is committed to collective working and consensus decision making and has the organisational skills needed to help co-create and maintain our support structures. The postholder will be working alongside existing Bridge Collective employees to learn and support a variety of roles guided by our mission statement.

We very strongly encourage you to attend at least one of our open activities if you are thinking of applying and don't already know the Bridge. www.bridgecollective.org.uk/whats-on/
